

Name:

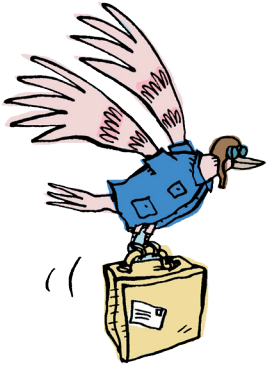

Measure the length of five vehicles in the Museum using pigeon steps.

- 1 The ..... was .....pigeon steps long
- 2 The ..... was .....pigeon steps long
- 3 The ..... was .....pigeon steps long
- 4 The ..... was .....pigeon steps long
- 5 The ..... was .....pigeon steps long

Each foot length = 1 pigeon step

Which was the longest vehicle you found?

Which was the shortest vehicle you found?

Pigeon sums: Choose two of your vehicle measurements and add them together.  
Example: Routemaster bus + taxi = ..... pigeon steps.
