

When you get home scan this code to turn your activity sheet into a book. You will need a pair of scissors.

Draw your journey here.

My name is ..... years old.  
I am ..... years old.  
This is me.  
We travelled to the museum by .....  
Draw your journey here.

## My visit to London Transport Museum

### Find the Omnibus on Level 2.

How many wheels does the Omnibus have? .....

How was the Omnibus powered? .....

Draw the animal that pulled the Omnibus here.

Find the big red Routemaster bus on Level 0.

How many windows do I have? .....

Do I have any doors? .....

How many passengers can travel on me? Clue: it's written on the bus.

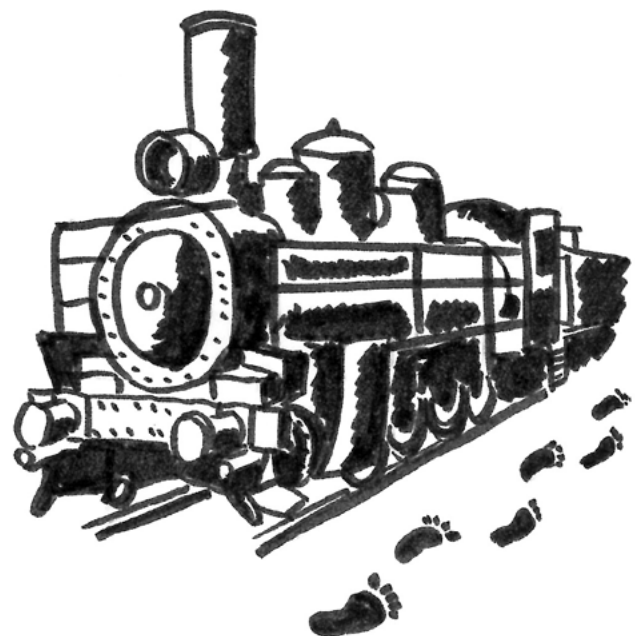

..... passengers

..... lower deck ..... upper deck

### Find the Metropolitan Railway Steam Locomotive on Level 1.

Measure with your feet how long the steam engine is.

The Metropolitan Railway Steam Locomotive is ..... feet long.

Find the traffic lights and zebra crossing on Level 0. Let's cross the road safely.

☐ STOP – press the button.  
☐ WAIT for the green man.  
☐ LOOK, LISTEN AND THINK – is it safe to cross now?

Tick the boxes to show you have done this.

The seats on buses and tube trains in London are covered in a strong, woollen fabric called Moquette. Moquette is used to cover seats on public transport all over the world.

Look for Moquette in the vehicles around the museum and draw the colourful patterns that you find here.

Two empty rectangular boxes for drawing patterns.

Go to Digging Deeper on Level 0.

What shape are the tunnels of the London underground?

Draw a tube train travelling through this tunnel.

Circle  
Square  
Triangle

### Find the train guard by the Q Stock Underground Car on Level 1.

Listen to the guard. What do they say?

Draw 2 items in the train guard's hands that help them do their job.

I drew a .....  
and a .....
